

Kenya's public procurement policy: A women's perspective

We have prepared a SlideShare presentation that discusses the results of PFMConnect's recent online survey of members of Kenya's Federation of Women Entrepreneurs Associations (FEWA) that addressed FEWA members' perceptions of the government's current public procurement policies. FEWA members responded during August and September 2015.

The survey demonstrates the impact of Kenya's present high levels of corruption on women entrepreneur's perceptions of current public procurement policies. Details of FEWA members' suggestions for improving current public procurement policies are also presented.
